1369 Broadway
New York, NY 10018
Phone: (212) 268-8830
Fax: (212) 947-2424

Director: Joe Gonzalez

Tri-Center is committed to teaching clients how to re-establish their lives and shape their destinies. Tri Center has developed a cognitive/behavioral Approach to treating chemical dependents with an early focus on relapse prevention. Throughout treatment, emphasis is placed on effecting positive change in the client's maladaptive cognitive and behavioral functioning. The practice of rational self-analysis is at the core of the TRI philosophy.

The efficacy of the Day Program at TRI Center is achieved through a highly Structured setting in which total abstinence can be achieved and maintained. During this initial phase of treatment, TRI Center utilizes intensive Relapse Prevention education and counseling along with Urine Drug Screenings to ensure clients a smooth withdrawal process, thus decreasing the potential for relapse.

WHO WE ARE: America Works is a privately owned for-profit company that places our clients in private sector jobs. Through us employers gain ease in hiring, cost savings, reduced turnover, a trial period extending from temporary placement to permanent employment and highly motivated workers. No employer or worker is charged a fee for our services.

WHAT WE DO: America Works recruits potential employees, places them in a business lab, assesses skills behavior and attitudes and brushes up skills using the latest computer technology.

HOW WE DO IT: An employer who hires applicants through America Works typically contracts for the worker's services during the first four months of employment. During that trial period, America Works pays the employee and monitors her or his performance at meetings with employer and supervisor. Job coaching, formal evaluations and support services are available. No fewer than sixty-eight percent of those so placed by America Works placements are still on the job. When permanently hired, the average program participant earns over fifteen thousand dollars a year plus benefits, thus ceasing to be a tax burden and becoming a tax payer.

JOBS ARE FILLED: Specializing in entry level jobs, America Works has successfully placed secretaries, data entry clerks, mail clerks, health care workers, assemblers, food service people, warehouse workers, construction and much, much more. Companies using our services range from such employers as large insurance firms and banks to small data processing and communication companies.

A PRIVATE-PUBLIC PARTNERSHIP: America Works is partially funded by HRA, but receives full payment only after an employee has satisfactorily filled a job for six months. We are paid only for results.

The Center for Employment Opportunities is divided into two phases. The first phase is the vocational development phase, which involves four (4) days of job readiness classes and one-day with a job developer. The second phase of the program is the neighborhood work program, which involves short-term low skilled labor paid on a daily basis at minimum wage. The program generally requires that individuals have a non-violent conviction and be eager to begin work. They are concerned with a parolee's motivation, not necessarily his skills. After Phase Two, CEO has job placement specialists that will assist in finding permanent employment for its parolee clients.

Program Director – Eric Grossman

WPA works with women at all stages of criminal justice involvement. We promote alternatives to incarceration and help women living in the community to avoid arrest or incarceration by making positive changes in their lives. Inside prison and jail, we are a source of support to women and a resource to them as they plan for release. After incarceration, women come to WPA for help to build the lives they want for themselves and their families in the community.

WPA helps women achieve what is most important to them. Women come to us to:

Program Services:

- **Find safe and affordable housing**
- **Prepare for job interviews and obtain employment**
- **Reunify with their children**
- **Comply with criminal justice mandates and live safe and law-abiding lives**
- **Access addiction, health, and mental health services**
- **Gain peer support from other women**
- **Learn household budgeting and skills for daily life**
